

Create an Animal!

You are a zoologist who has just discovered a new animal species. As every good scientist does, you will document your exciting finding. Design a fact sheet highlighting this new animal discovery. Be sure to include the following key pieces of information:

Your animal's name

Your animal's basic needs

How your animal's needs are met

Where your animal lives

A colored illustration of your animal in its natural habitat

Your fact sheet might have text features like labels, captions, maps, bold words, subheadings, and more.

Cut outs for faces (day two of the lesson)
